Brisbane is the perfect place to call home while you study abroad. Aside from the low cost of living and 300 days of sunshine per year, Brisbane is a warm and welcoming city, hosting the Lord Mayor's International Student Friendship Ceremony which has extended the hand of friendship to more than 10,000 students.

Why study in Brisbane?

IT'S THE CAPITAL OF THE SUNSHINE STATE

Queensland isn't called the Sunshine State for no reason. With more than 300 days of sunshine per year, Brisbane summers are famous for the sub-tropical humid heat cooled by beautiful afternoon storms. Winter days rarely dip below 20°C, and there's nothing quite like an afternoon nap in the winter sun.

In between, spring and autumn are particularly popular with students, especially around October when the jacarandas begin to bloom across the city – despite them being a sign that exams are looming.

AN AFFORDABLE CITY & EASY TO GET AROUND

Brisbane has one of the lowest costs of living in comparison with other Australian cities – from transport to accommodation to meals. That doesn't mean there's a compromise in quality though – it just means that your dollar will go a lot further living in Brisbane than in its southern counterparts.

Commuting to and from classes has never been so simple. Brisbane students receive a 50% discount on local public transport and 25% discount on bike hire with City Cycle. There's also a free CityHopper ferry to jump between the city, South Bank and Kangaroo Point.

WORLD-CLASS STUDENT ACCOMMODATION

Brisbane offers a range of quality purpose-built student accommodation. Scattered throughout Brisbane to be easily accessible to all institutions, these residences provide support, facilities and a community to students from a variety of institutions.
